

YOU'RE INVITED TO GUADALUPE REGIONAL MEDICAL CENTER'S

DOC TALK

Palliative Care Physician, Charles Nolan, MD will talk about a specialized service called Lifelong Intensive Family Emotional (LIFE) Care. LIFE Care is designed to improve the quality of life for patients and their families facing serious or life-threatening illness. The goal is to identify and treat pain and other physical symptoms, while also focusing on the emotional and spiritual issues that the patients and family may be experiencing.

Know the Facts About LIFE Care:

1. LIFE Care is not just for end of life. It can begin at the start of a serious illness and be given alongside treatments designed to combat the disease.
2. LIFE Care is available in many settings. It can be received at home, in the hospital, outpatient clinics, nursing centers, and many other settings.
3. LIFE Care is also offers Advanced Care Planning, which focuses on your goals, values and beliefs that influence your choices for future medical treatment.
