

Enduring Material Activity

Title: Management of Chronic Respiratory Illness

Description: 2022 Lunch and Learn Live Activity Series; Enduring Material

Course Objectives:

Upon completion of this course, the participant will be able to:

1. Diagnosis and manage asthma and COPD,
2. Understand non-pharmacologic management of chronic respiratory illnesses, and
3. Understand the benefits of pulmonary rehab

Target Audience:

This 1-hour activity is intended for Physicians, Advanced Practice Providers and Nursing* of all specialties who care for patients with chronic respiratory illness. (*Nursing education credit is not provided through the GRMC CME program.)

Educational Methods: Lecture, Case-Studies, and Organizational Policies

Prerequisites: None

Faculty: **Bhupinder Sangha, MD**, is Board Certified in Internal Medicine, Critical Care, and Nephrology. He played a critical role in developing and caring for chronically ill patients along with COVID patients during the recent pandemic. Dr. Sangha has been integral in developing and expanding care in the ICU at GRMC. In addition to inpatient care, Dr. Sangha has a busy outpatient clinic where critical patients are transition from the ICU to his outpatient clinic to follow up on their care before they transition back to their PCP for long-term care.
